

JUNGMIN YOO

junmin0415@gmail.com | [Linkedin](#) | Austin, TX, USA

Summary

Strong background in economics and econometric methods, with experience collecting and analyzing complex datasets using Python, SQL, Stata, R, and Excel. Seeking to apply quantitative and analytical skills to solve real-world business problems.

Education

The University of Texas at Austin, Austin, TX, USA

Master of Science in Economics

Aug 2022 – Aug 2026

Ewha Womans^[sic] University, Seoul, South Korea

Master of Arts in Economics

Mar 2019 – Aug 2021

- Master's Thesis: "Estimating Domestic Passenger Demand for Airlines in South Korea Based on Random Coefficients Logit Model" (in Korean)

Bachelor of Economics, Summa cum laude

Mar 2014 – Feb 2019

Projects

Housing Price Variation and Real Estate Broker Location

Mar 2026 – May 2026

- Built an analysis-ready dataset of over 1.3 million public apartment transactions to examine how property characteristics and local market information asymmetry are associated with housing prices in South Korea.

Bank Branch Visits Analysis Using API

May 2025 – July 2025

- Constructed a bank-time panel dataset from API-based search volume data to examine whether reductions in physical bank branches were associated with declining consumer interest in branch visits; generated 6,000+ branch-specific keywords from bank branch addresses and analyzed variation across banks and over time.

Ban and Tax Policies on Beverage in Small Plastic Bottles

Aug 2024 – Dec 2025

- Built product-level beverage market datasets for structural demand and supply estimation. Simulated counterfactual small plastic bottle bans and taxes, estimating a 30–60% average reduction in beverage-market plastic consumption and assessing impacts on firm profits and consumer surplus.

Professional Experience

Department of Economics, The University of Texas at Austin, Austin, TX

Aug 2022 – May 2026

Teaching Assistant

- Led weekly econometrics review sessions and developed practice problems to help master's students strengthen applied problem-solving skills. Provided detailed feedback on 200+ undergraduate economics papers, assessing regression analysis, model specification, statistical interpretation, and clarity of empirical arguments.

Department of Economic, Ewha Womans^[sic] University, Seoul, South Korea

Teaching Assistant

Mar 2019 – Jun 2021

- Graded 200+ assignments and exams each semester and provided feedback to students.

Research Assistant

Sep 2020 – Apr 2021

- Publication: "Analysis of the effect of home ownership on household consumption"(with Hosin Song), Ewha Journal of Social Sciences, 2021, 37(1), 103-141. (in Korean)

Korea Economic Research Institute (KERI), Seoul, South Korea

Jul 2019

Research Assistant

- Participated in short-term project for South Korea-Japan trade dispute research.

Award & Training

Graduate Fellowship, UT Austin, Austin, TX

Aug 2022 – May 2026

Big Data Analysis and Deep Learning Program (Government-funded), Seoul, South Korea

Nov 2018 – Mar 2019

- Completed intensive training in big data analytics and deep learning. Received an Excellence Award upon completion.

Honors Scholarship, Ewha, Seoul, South Korea

Sep 2014 – Dec 2018

Skills

Technical Skills: Python, Stata, SQL, MS Office(Excel, PowerPoint), R, QGIS, Git/Github

Languages: English (fluent), Korean (native)

Certifications: HackerRank SQL (Advanced)
